

(Digest 2)

Fortnightly Digest by HEaL Institute and IJME of FMES

Warm greetings!

We are pleased to bring you the fortnightly digest from Health, Ethics and Law Institute (HEaL Institute) and *Indian Journal of Medical Ethics (IJME)*. We launched the blog space '**Covid-19 Insights: Analysis from ethics, law and human rights perspective**' in April 2020 to complement the (*IJME*) platform. The blog space is accompanied by e-repository on Covid-19 curated by colleagues at HEaL Institute.

Every fortnightly digest will bring you blogs published at our blogspace and papers published in 'Online First' in IJME during the fortnightly along with a selected of postings from the Covid-19 e-repository.

HEaL Institute - IJME IJME Blog
