Fortnightly Digest by HEaL Institute and IJME of FMES

Warm greetings!

We are pleased to bring you the fortnightly digest from Health, Ethics and Law Institute (HEaL Institute) and *Indian Journal of Medical Ethics (IJME)*. We launched the blog space '**Covid-19 Insights: Analysis from ethics, law and human rights perspective**' in April 2020 to complement the (IJME) platform. The blog space is accompanied by e-repository on Covid-19 curated by colleagues at HEaL Institute.

Every fortnightly digest will bring you blogs published at our blogspace and papers published in 'Online First' in IJME during the fortnightly along with a selected of postings from the Covid-19 e-repository.
