[Social Issues in Health Research Course](#) | Sangath, Drishti | April 2024

Health research never occurs in a vacuum and is embedded in the social context in which people live. Being sensitive to social issues strengthens the ultimate goal of all research: improving the well-being of individuals and communities.

This is a unique course tailored to the Indian context and has six core modules that will cover three themes: (i) the basics of social issues in health research, (ii) marginalised communities and groups, and (iii) socially informed health research. The combination of pre-recorded videos,

live interactions, and reflective assignments will help you improve your knowledge and enrich your perspectives on various social issues, introducing key concepts and their applications to health research.

Duration: 6 weeks | **Medium:** Online (with weekly live sessions)

Dates: First batch begins last week of April'24

Capacity strengthening in bioethics and its sub-fields: Enquires for short-duration intensive training program

Please write to us on fmesmumbai@gmail.com and admin@fmesinstitute.org with your enquiries for customized short-duration intensive training program in various sub-fields of bioethics. For over two decades, we have been organizing training program in bioethics sub-fields, amongst others, research ethics in social science research in health; public health ethics; clinical ethics, research ethics in public health research; implementation science and ethics, research ethics in mental health interventions; research ethics and digital technology-based health interventions; ethics of program monitoring and evaluations; and research ethics in research involving adolescents and children.

Advertise and help to sustain IJME

IJME welcomes advertisements for the print issue as well as the website. Two advertisement spaces on the website, in banner and box area, are available on the landing page and can be viewed at <https://ijme.in/>.

The guidelines, tariff details, and payment details are available [here](#).

APPEAL FOR DONATION TO THE FORUM FOR MEDICAL ETHICS SOCIETY
APPEAL TO PAY WHAT YOU CAN AFFORD FOR ACCESSING THE IJME and ITS DATABASE

[Indian Journal of Medical Ethics \(IJME\)](#) is published by the **Forum for Medical Ethics Society (FMES)** since 1993. It is a **multi-disciplinary** journal of bioethics, healthcare ethics and humanities. It is also committed to maintaining editorial independence, from the publisher as well as by avoiding financial dependence that could create conflict of interest. In addition, we are striving to keep the IJME online free and open-access. Therefore, the IJME/FMES need support through donations and grants from individuals and non-profit foundations. ***Donations/grants are solicited only from Indian individuals and entities*** as Indian laws do not permit a journal to receive donations/grants from foreign sources.

However, foreign as well as Indian readers/authors may wish to support the journal by voluntary payment of a fee in the following manner:

- By paying or gifting subscriptions to the print or soft PDF copies of the journal;
- By paying a fee of any amount for full-text views or PDF download of any article from the IJME website;
- By paying article processing charges of any amount on publication as affordable to the readers/authors.

FMES is registered under the Societies Registration Act, 1860 and the Bombay Public Trusts Act, 1950. Donations are eligible for tax exemption under Section 80G of the Income Tax Act, 1961. For more details on how to support us, write to admin@ijme.in or visit our website www.ijme.in/subscribe/

SUPPORT OPEN ACCESS ACADEMIC PUBLICATIONS, DONATE TO THE FMES CORPUS FOR THE PUBLICATION OF IJME!
